PROFESSIONAL SUMMARY

Java Full Stack Developer with hands-on experience in Java, Spring Boot, REST APIs, MySQL, and QA Automation. Experienced in developing web applications, building automation frameworks using Playwright with Java, and applying software development and testing practices. Strong foundation in OOP, MVC architecture, database management, and problem-solving. Seeking to contribute technical skills in building reliable and scalable software solutions.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, SQL

Frontend Technologies: HTML5, CSS3, JavaScript, Responsive Web Design

Backend Technologies: Java, Spring Boot, Spring MVC, REST APIs

Database: MySQL, JDBC

QA Automation: Playwright, TestNG, Maven, Page Object Model (POM), Data-Driven Testing, API Testing, Cross-Browser Testing

Tools: Git, GitHub, Postman, VS Code, Eclipse, IntelliJ IDEA

Concepts: OOP, Collections Framework, Exception Handling, CRUD Operations, MVC Architecture, SDLC, STLC, Agile Methodology

PROFESSIONAL EXPERIENCE

QA Automation Engineer Intern | February 2025 – May 2025

Larsen & Toubro · Chennai

- Developed and executed automated test scripts using Java and Playwright.
- Performed functional, regression, and UI testing to validate application quality.
- Created reusable automation components following framework best practices.
- Analyzed test results, reported defects, and collaborated with team members.
- Gained practical experience in Agile methodology, STLC, and automation testing workflows.

PROJECTS

Employee Management System | Java | Spring Boot | MySQL | HTML | CSS | JavaScript

- Developed a full-stack application to manage employee records with CRUD operations.
- Built REST APIs and integrated MySQL database for efficient data management.
- Implemented MVC architecture for better application structure.

Enterprise Playwright Automation Framework | Java | Playwright | TestNG | Maven

- Built a reusable automation framework using Page Object Model architecture.
- Developed automated test scripts with data-driven testing support.
- Improved test organization through reusable components and reporting.

Project Manager Application | Java | Spring Boot | MySQL

- Developed an application to manage projects and tasks efficiently.
- Designed backend services and database models for project tracking.

Expense Tracker Application | Java | Spring Boot | MySQL

- Created a finance management application for tracking income and expenses.
- Implemented transaction management and categorized financial records.

Personal Portfolio Website | HTML | CSS | JavaScript

- Designed and deployed a responsive portfolio website showcasing skills, projects, and professional details.

EDUCATION

Sri Venkateshwaraa College of Engineering and Technology

Bachelor of Engineering — Computer Science Engineering · Graduated: 2025 | CGPA: 7.4 / 10

CERTIFICATION

- Java Full Stack Development – Accord Info Matrix

CORE STRENGTHS

- Java Full Stack Development, Backend API Development, QA Automation Framework Development
- Problem Solving, Database Management, Software Testing, Debugging and Troubleshooting
- Object-Oriented Programming, Version Control using Git, Team Collaboration, Continuous Learning
